## PUBLIC NOTICE

Having been duly certified to the Federal Communications Commission (FCC) by the Associated Public-Safety Communications Officers, Inc. (APCO) as the Convenor of an initial meeting of representatives of parties eligible for radio licensing in the FCC's Public Safety and Special Emergency Radio Services to establish a Regional Planning Committee in (the State of Tennessee, Region 39, as described hereinafter), I hereby give Public Notice that such an initial meeting will be held on May 17, 1:00-5:00 P.M. C.D.T. and May 18, 9:00 A.M.-12:00 Noon C.D.T., 1988, at Days Inn Executive Center, 823 Murfreesboro Road, Nashville, Tennessee. This Region is one of 48 established by the FCC, throughout the United States.

The responsibility of the Regional Planning Committee will be to develop a Plan for use of frequencies in the 821-824 and 866-869 megahertz bands allocated by the FCC for use by such licensees. Parties interested in participating in the regional planning process should contact me at the address below.

This Public Notice is in accordance with the FCC's Report and Order in General Docket No. 87-112, adopted by the FCC on November 24, 1987, and released on December 18, 1987 and January 6, 1988.

The Report and Order was based in large part on the Final Report of the National Public Safety Planning Advisory Committee, which was submitted to the FCC on September 9, 1987.

Copies of both the Report and Order and the Final Report are available from the FCC's duplication contractor, International Transcription Services, Inc. Suite 140, 2100 M Street, N.W., Washington D. C. 00037. Telephone (202) 857-3800.

Mr. David Wolfe  
Chairman, Region 39  
Tennessee Emergency Management Agency  
3041 Sidco Drive  
Nashville, Tennessee 37204

Dear Mr. Wolfe:

Upon reviewing your regional plan, we have some concerns that some of the channel assignments could pose interference problems to Region 13. These channel assignments are: channels 682 and 803 assigned to Dyer County; channel 814 assigned to Weakly County, and unassigned channels 605, 608, 613, 614, 616, 651, 652, 655, 661, 684, 686, 695, 773, 792, 796, 811, and 820. We would like to see a provision added to the Region 39 Plan stating that these channels could not be used within seventy-five miles of Region 13 without the written concurrence of Region 13. With the exception of the issuance of these channels, we have no objection to the Region 39 Plan.

If I can be of further assistance, please contact me at 217/782-7345.

Sincerely,

George Sneyd  
Chairman

Dear Mr. Sneyd:

Reference your letter of January 4, 1993 giving conditional concurrence to the Region 39 plan we have made the following changes. Channels 682 and 803 have been removed from Dyer County's assignment and channel 814 has been removed from Weakley County's assignment. Channels 747, 781 and 821 have been removed from the State Division 7 assignment and reassigned to Dyer and Weakley Counties. Those counties are located within the boundaries of State Division 7. All unassigned channels require and will receive adjacent region coordination.

Sincerely,

*David Wolfe*
